Lanka Sugar Company (Pvt) Ltd

Recruitment of District Agents for the sale of Sugar Stocks for year 2024

Our company has been the primary producer of brown sugar in Sri Lanka, consistently supplying customers with high-quality, safe, and healthy brown sugar devoid of harmful substances and genetic modifications for a long time. Lanka Sugar Company expects to sell between 8,000 and 10,000 metric tons of sugar per month during the Yala and Maha milling seasons, and for that, 25 agents covering all the districts of the island will be selected to sell our brown sugar products.

Interested agents seeking to purchase brown sugar produced by Lanka Sugar Company are cordially invited to contact our company starting from **May 02, 2024**. The application for this purpose can be obtained free of charge from our Head office. Additionally, registration of selected agents will be carried out upon payment of a non-refundable fee of **Rs 10,000/-**.

For this purpose, district agents can visit the Head office during office hours to collect applications until **May 31, 2024**.
