

Join Our Team as a

Senior Engineer - HVAC Engineering and Sales

Access International Projects is seeking a highly motivated and skilled Senior Engineer for HVAC Engineering and Sales, to join our dynamic team. If you have a passion for HVAC systems, site management, and customer engagement, we want to hear from you!

Key Responsibilities:

1. Customer Engagement:

- Gather and comprehend customer requirements for new or replacement units.
- Relay customer specifications to principals and request cost estimates and lead times for selected units.

2. Site Management:

- Develop and oversee the site preparation plan, ensuring progress stays on track.

3. Installation:

- Prepare work schedules and oversee the installation process of new or replacement units.

4. Testing and Commissioning:

- Conduct testing and commissioning with foreign/local parties to ensure units function according to specifications.

5. Project Handover:

- Prepare Handover Document and facilitate the handover of installed units to the customer.

6. Post-Installation Support:

- Manage warranty services and free maintenance as per company policy.

7. Technical Support:

- Provide technical advice in accordance with principal guidelines.
- Maintain correspondence with principals to seek technical guidance related to routine and corrective maintenance.

Qualifications and Skills:

- A Bachelor's degree in a related field such as mechanical engineering, construction management, or HVAC technology.
- Minimum of 5 years of experience in HVAC related projects.
- Strong technical knowledge in mechanical engineering and electronics.
- Excellent analytical, problem-solving, and decision-making skills.
- Strong communication and interpersonal skills.
- Ability to work under pressure and meet tight deadlines.
- High level of integrity and attention to detail.

What We Offer:

- Competitive salary and benefits package.
- Opportunity to work with a dedicated team in a growing company.
- Professional development and growth opportunities.

If you are ready to take your career to the next level and make a significant impact in the HVAC sector, please send your resume and cover letter to
