## THE MARKET LEADER IN LIFE INSURANCE

### MANAGER - DATA ANALYTICS

For more than 37 years, we've helped millions of Sri Lankans lead more fulfilling lives. By taking care of their risks, we've given them the strength to dream big, and the peace of mind to follow those dreams. As we look ahead to the next 37 years, we're seeking the right individuals to lead us into a better, brighter future for us all.

#### The Job

We are seeking a highly skilled and visionary Manager of Data Analytics & AI to lead our data-driven initiatives. This role will be responsible for developing and executing strategies that leverage data analytics, machine learning, and AI to drive business insights, operational efficiency, and innovation.

Key responsibilities include:

- Leading the design and implementation of data and AI strategies aligned with business goals.
- Managing a multidisciplinary team to deliver impactful, data-driven solutions.
- Ensuring data quality, governance, and regulatory compliance.
- Evaluating and implementing AI tools to optimise operations and uncover insights.
- Translate complex data into actionable insights for stakeholders and executives.
- Monitor industry trends and emerging technologies in AI and analytics.

#### The Ideal Candidate

- Bachelor's or Master's degree in Data Science, Computer Science, Statistics, or a related field from a recognised university.
- Minimum 7 years' experience in data analytics, with at least 3 years in a leadership role involving AI/ML projects.
- Proficient in Python, R, SQL, and AI/ML frameworks such as TensorFlow, PyTorch, and Scikit-learn.
- Proven ability to align data strategies with business objectives and deliver measurable impact.
- Strong leadership, stakeholder management, and communication skills.

#### The Rewards

An attractive remuneration package awaits the right candidate.

#### The Application

If you feel like you're the right person for this role, please forward your updated CV to [jobs@ceyliflife.lk](mailto:jobs@ceyliflife.lk). Please mention 'Manager - Data Analytics' in the subject line of the email.
