Executive Officer – Data Governance & IT Risk Management

JOB PROFILE

- Assist in implementing and maintaining the Data Governance & Privacy Framework, ensuring alignment with the Personal Data Protection Act.
- Align all stakeholders to data-related technology roadmap and regulatory guidelines by providing insights and recommendations.
- Aid in the transformation journey by adopting and integrating new technologies.
- Conduct awareness programs to foster a culture of data governance and security among all bank users.
- Collaborate with Key Management Personnel (KMPs) in business, Marketing, HR, IRMD, Compliance, and Finance Departments etc., to ensure effective data governance and IT Risk Management practices.
- Assist in developing and updating data governance policies and procedures.
- Ensure to evaluate and advise relevant stakeholders on Personal Data Protection Impact Assessment (DPIA).
- Co-operate and comply with the directives and instructions issued by the Data Protection Authority on matters relating to data protection.
- Monitor and evaluate the performance of data governance initiatives including Data Loss Prevention (DLP).
- Coordinate with cross-functional teams to align data governance projects with business objectives.
- Identify opportunities for continuous improvement in data governance processes.

APPLICANT'S PROFILE

- A bachelor's degree in Data Science, Information technology specialised in Cyber security, Law or a related field is often required.
- Holding CIPP, CDPP, CDPSE, CISM and DABF would be an added advantage.
- Four (04) years' experience in Banking & Finance including Two (02) year experience in information security, Data Governance & Data Privacy. Working experience at Security Operations Center will be an added advantage.
- Familiarity with DLP tools, technologies, and data Governance principles and understanding of data protection regulations (GDPR, PDPA).
- Ability to analyze data, identify patterns, and make informed decisions.
- Ability to explain technical information to both technical and non-technical audiences.

Successful candidate will be provided with an attractive remuneration package, commensurate with benchmarked financial institutions.
