

## ELECTRICIAN

Litro Gas Lanka Ltd is a trusted national brand with a proud 150 year heritage in business, and leading Sri Lanka's LPG market with over 80% market share. Our products are essential to the daily lives of millions of Sri Lankans, and we ensure uninterrupted supply through the widest and most robust island-wide distribution network in the country.

We are looking for a result-oriented self-motivated individual to join our team for the above position

### Key Responsibilities:

- Carry out preventive and scheduled maintenance of electrical systems and equipment.
- Attend to all electrical breakdowns promptly to minimize machine downtime and ensure smooth operations.
- Install, maintain, and repair electrical wiring, fixtures, panels, and equipment in accordance with safety standards.
- Troubleshoot and repair faults in electrical systems, including those in hazardous areas and automated equipment.
- Inspect and diagnose malfunctioning systems, components, and wiring using appropriate testing devices.
- Ensure all electrical installations and systems meet regulatory and safety standards.
- Read and interpret electrical blueprints, wiring diagrams, and technical drawings.
- Work collaboratively with other trades, technicians, and contractors to complete maintenance and project tasks safely and efficiently.

### Required Qualifications and Experience:

- NVQ Level 4 full-time technical qualification in Electrical (ATI, NCT, CG, TTI or equivalent) from a recognized technical institute.
- Minimum G.C.E. (O/L).
- Minimum 3 years of proven experience as an electrician, preferably in an industrial setting.
- Strong knowledge of electrical systems, tools, and safety procedures.
- Familiarity with industrial wiring is essential.
- Basic literacy in Sinhala and English (reading and writing).
- Knowledge of mechanical, pneumatic, hydraulic systems, and welding will be an added advantage.
- Age below 40 years.

An attractive remuneration package and career advancement opportunities await the right candidate.
