

DON'T MISS THE CALL

Join our team today!

Sri Lanka Telecom (SLT) Group is one of the most valuable blue chip companies in Sri Lanka with an annual turnover over Rs. 110 Billion and more than 7000 employees. SLT Group comprises SLT PLC and five subsidiaries including Mobitel (Pvt.) Ltd, the mobile arm, having unified as SLT-MOBITEL to create a formidable force as the digital technology leader in Sri Lanka.

JOIN IN ON EXCELLENCE

Be a Part of SLT-MOBITEL Transformational AI & Data Business team

We are now looking for high caliber results-oriented and qualified individuals as AI & Data Business Specialists to engage in our AI transformational migrations operations as we are on a mission to lead digital innovation through excellence in AI, Data, and Security Engineering. Whether you're passionate about managing AI programs, building intelligent systems, designing secure infrastructures, or architecting large-scale data platforms, SLT-MOBITEL is the place for you to bring your skills to life. Ideal candidates should have experience with major AI platforms, strong analytical skills, and excellent communication to support diverse client needs.

We are looking for candidates for following position.

SOFTWARE ENGINEER (AI)

As the Software Engineer (AI) you should leverage expertise in artificial intelligence and software development to build scalable, intelligent systems that support the organization's digital transformation.

Key Responsibilities

- Design and implement scalable AI/ML models and integrate them into production systems.
- Collaborate with data scientists, product managers, and software engineers to translate business requirements into technical solutions.
- Develop APIs and services to expose AI capabilities to internal and external applications.
- Experience with generative models (e.g., LLMs, SLMs, GPT, BERT, Stable Diffusion, DALL-E).
- Strong understanding of deep learning, NLP, computer vision, and model evaluation techniques.
- Optimize model performance and ensure robustness, fairness, and explainability.
- Maintain and improve MLOps pipelines for continuous integration and deployment of AI models.
- Conduct code reviews, write unit tests, and ensure high-quality software delivery.
- Stay updated with the latest AI research and technologies and evaluate their applicability.

Desired Skills / Competencies

- Bachelor's or Master's degree in Computer Science, Artificial Intelligence, Engineering or a related field.
- 3+ years of experience in software development with exposure to AI/ML projects.
- Proficiency in Python and frameworks such as TensorFlow, PyTorch, or Scikit-learn.
- Experience with cloud platforms (AWS, Azure, GCP) and containerization (Docker, Kubernetes).
- Strong understanding of data structures, algorithms, and software design principles.
- Familiarity with data preprocessing, feature engineering, and model evaluation techniques.
- Integrate AI capabilities into broader software ecosystems and user-facing products.
- Optimize performance and resource efficiency across AI workflows.
- Problem-Solving & Design Thinking.
- Ability to formulate complex AI problems into solvable engineering tasks.
- Experience applying mathematical reasoning, algorithmic logic, and architectural planning to real-world scenarios.
- Comfort evaluating trade-offs between precision, performance, and scalability.
- Collaborative & Agile Mindset.
- Participate in Agile Scrum cycles and cross-functional teams.
- Communicate effectively with product managers, data scientists, and QA professionals.

Other Condition

- Appointments will be on contract basis for two years period.
- Salary is negotiable; successful candidates will be offered a competitive and attractive compensation package.
- Only shortlisted candidates will be contacted for further evaluation.

Method of Application

Application should be submitted via online. Complete the online application using the link below, submit with curriculum vitae together with scanned copies of birth, educational and other relevant certificates within 14 days of this advert.

Applications without supporting documents will not be entertained and applications sent by post will not be accepted.

Apply online via: <https://careers.slt.lk/> or visit www.sltmobitel.lk (careers page)

Sri Lanka Telecom PLC is an equal opportunity employer and any type of canvassing will be a disqualification.
