

MANAGER – SECURITY

Litro Gas Lanka Ltd is a trusted national brand with a proud 150 year heritage in business, leading Sri Lanka's LPG market with over 80% market share. Our products are essential to the daily lives of millions of Sri Lankans, and we ensure uninterrupted supply through the widest and most robust island-wide distribution network in the country.

We are looking for a result - oriented self-motivated male to join our team for the above position.

Key Responsibilities:

- Develop and implement security strategies to protect company assets, employees, and infrastructure, ensuring alignment with regulatory requirements and industry best practices.
- Supervise and coordinate security operations across Kerawalapitiya LPG Terminal & Filling Plant, including managing in-house security staff and outsourced service providers.
- Ensure robust surveillance and access control by overseeing 24/7 monitoring of CCTV, alarms, fire protection systems, and secure entry to sensitive zones such as LPG storage tanks and cylinder yards.
- Conduct risk assessments and audits to identify vulnerabilities in LPG storage, operations, and distribution, and implement corrective measures to mitigate threats.
- Establish strong relationships with authorities by maintaining close coordination with law enforcement agencies, regulatory bodies, and emergency services to ensure compliance and rapid response to critical incidents.
- Lead emergency preparedness and crisis management by developing response procedures, conducting drills (Tier I, II & III), and ensuring fire and emergency systems remain fully operational.
- Investigate security incidents and breaches thoroughly, prepare detailed reports, and promote a strong security-conscious culture through staff training and awareness programs.

Candidate Profile:

- Minimum 10 years' experience in industrial, military, or corporate security management, preferably within the petroleum, energy, or manufacturing sectors.
- Demonstrated experience in managing security for large-scale, high-risk industrial facilities.
- Strong knowledge of security systems, access control, contingency planning, surveillance, and emergency response procedures.
- Proven ability to lead teams, perform under pressure, conduct drills and coordinate with government and security agencies.
- Excellent communication, leadership, and crisis management skills.
- A retired senior officer from the Armed Forces / Police or with a similar background will be an added advantage.
- The selected candidate must not have been convicted of any criminal offence by a court of law in Sri Lanka, nor dismissed from the Armed Forces or Police on disciplinary grounds.

An attractive remuneration package awaits the right candidate. The company will conduct a thorough background check on the selected individual prior to employment.
