

ASSISTANT FINANCIAL ANALYST (FINANCIAL ANALYSIS UNIT)

Join Our Team as a Financial Insights Specialist! Take on a pivotal role in shaping smarter credit decisions. You'll be responsible for providing independent, expert financial analysis and insight into the current and potential financial position of Wholesale Banking and Project Finance clients. Your work will directly contribute to well-informed, timely credit decisions, supporting strategic growth while managing risk across high-value portfolios.

THE JOB

- Review of Financial and Management information and preparation of an independent report which will form part of the credit appraisal as a decision support.
- Compile/ prepare internally consolidated financials on a need basis, in the event such consolidations are not available.
- Recommend improvements to financial performance, business drivers and to capital structure in the context of a Banking relationship / financier.
- Review Bank's control over clients' cash flows.
- Evaluate Bank's overall exposure to a particular group/ client.
- Identify any current or potential financial risks, emerging trends, financial sensitivities of the client.
- Review of Client's Capital (equity and debt) structure.
- Financial forecasting on need basis.
- Peer comparison of wholesale banking and project finance client financial performance to facilitate decision making
- Evaluate Client's overall borrowing status (including lending from other financial institutions)
- Review Bank's control over clients' cash flows.
- Present the above analysis, findings, suitable relationship strategies and recommendations in an independent report to the Relationship Manager after obtaining concurrence from the Chief Manager – Financial Analysis Unit.
- Planning above analysis to be completed in line with annual reviews of companies with the assistance of Relationship Manager.
- Gathering required information for above analysis from internal and external sources and client visits.
- Compile Industry evaluation reports to identify growth / declining sectors.
- Carryout specifically focused industry deep dives.

THE PERSON

- A Degree in Finance, Management, Accounting, economics, Banking or Related Field or Full qualifications in CIMA, Chartered Accountancy, CFA or similar qualifications
- Minimum 6 years preferably in Wholesale Banking/ Project Financing or Corporate Financing
- Ability to group key risk issues on a proposal applying credit exposure
- Ability to bring in commercial sense in doing such validations
- Report Writing and Presentation Skills

The position is at Senior Deputy Manager Level.
