ASSISTANT MANAGER – CORPORATE DIGITAL BUSINESS DEVELOPMENT

Commercial Bank is expanding its Digital Banking footprint. We are looking for a customer-centric professional to support the digitalization of our Corporate and SME client base.

JOB PROFILE

- Manage the end-to-end onboarding process of corporate clients onto our Digital Banking platforms (Corporate Internet Banking, Bulk Payments, Trade Finance)
- Work closely with Relationship Managers (RMs) and Branches to actively promote digital solutions to business clients.
- Act as the primary contact point for troubleshooting, user training, and system demonstrations.
- Coordinate with IT and Product teams to ensure smooth implementation of Host-to-Host (H2H) and API solutions.
- Track digital usage trends and transaction volumes to identify growth opportunities.

APPLICANT PROFILE

- Bachelor's Degree in IT, Business Management, Finance, or Marketing (UGC Recognized).
- 2-4 years in Corporate Banking, Digital Banking, or Cash Management operations.
- Good understanding of Digital Corporate Channels, Payment Systems, and general tech-savviness.
- Excellent presentation skills with the ability to conduct training sessions for corporate staff.
- Service-oriented, proactive, and capable of working in a fast-paced environment.
