

We are Sri Lanka's premier private sector commercial bank. Our visionary journey has taken us beyond the realms of business as we have made a conscious effort to go where no bank has dared to go; from downtrodden villages long-forgotten, to the world across the shores. The driving force behind this epoch-making journey is our strong team of achievers, affectionately known as the Hatna Family. As we continue to make history and move ahead, we invite dynamic and ambitious individuals to join us in our trailblazing banking saga.

We are looking for bright minds to help us create a world of happy experiences.

TECH LEAD (JAVA SPRING BOOT + ORACLE DB)

Job Role

The role requires to guide developers, ensure clean architecture, maintain high code quality, and drive delivery excellence in an Agile/Scrum environment.

Key Duties and Responsibilities

- Lead development of enterprise applications using Java / Spring Boot.
- Provide technical leadership to developers through coaching, guidance, and problem-solving.
