

We are Sri Lanka's premier private sector commercial bank. Our visionary journey has taken us beyond the realms of business as we have made a conscious effort to go where no bank has dared to go; from downtrodden villages long-forgotten, to the world across the shores. The driving force behind this epoch-making journey is our strong team of achievers, affectionately known as the Hatna Family. As we continue to make history and move ahead, we invite dynamic and ambitious individuals to join us in our trailblazing banking saga.

We are looking for bright minds to help us create a world of happy experiences.

ASSISTANT MANAGER/MANAGER - CREDIT ANALYSIS (WHOLESALE BANKING)

Job Role

We are looking for talented credit professionals to join our newly established Credit Analysis Unit within Wholesale Banking. The Credit Analyst will be responsible for conducting high quality financial and credit analysis for Large Corporates, Corporate Banking, Project Finance, and Emerging Corporates. This role is ideal for individuals who demonstrate strong analytical skills, the ability to handle complex transactions.

Duties and Responsibilities

- Prepare well structured, analytically robust credit proposals in line with internal credit standards and regulatory guidelines.
- Conduct comprehensive financial, business, and industry analysis, including historical performance, forecasting, sensitivity analysis, and risk assessment.
- Work closely with Relationship Managers to understand deal requirements and ensure appropriate credit structuring.
- Evaluate financial statements, projections, business plans, project feasibility studies, and market dynamics as part of due diligence.
- Support the end to end underwriting process, including credit memos, covenant setting, rating assessments, and responding to approver queries.
- Monitor credit exposures, covenant compliance, and portfolio performance; support early warning identification.
- Prepare stress tests, industry assessments, and credit opinion notes as required.
- Maintain accurate records and ensure audit ready documentation at all times.
- Use credit systems, financial models, and CRM tools effectively to enhance analytical quality.

Educational Qualifications

- Bachelor's degree in finance, accounting, economics, statistics, or related field.
- Professional qualifications such as CFA, CIMA, ACCA etc. are preferred.
- Postgraduate qualifications in credit / risk / finance will be an advantage.

Work Experience

- A minimum of 4-6 years of experience in credit analysis, underwriting, or financial analysis (banking or financial services).
- Experience working with large corporates or project finance will be an added advantage.

Competencies

- Strong quantitative and financial analysis skills
- Solid understanding of credit underwriting principles
- Excellent written communication and credit memo drafting skills
- Strong stakeholder collaboration
- Ability to work under pressure and deliver high quality outputs
- High attention to detail, discipline, and professional integrity
