

Growth is a mindset. Ready to nurture yours?

Seylan Bank, one of the most progressive banks in the country, is seeking a competent and forward thinking person to fill the following vacancy. This is your opportunity to join our dynamic team and move towards your career goals.

Manager – Transaction Banking (Technical / Business Solutions)

Job Responsibilities

- Engage with corporate and middle-market clients to implement digital / transaction banking solutions.
- Evaluate existing digital product propositions using customer feedback and coordinate for enhancements with the product development team.
- Create awareness and drive adoption of digital banking channels through structured knowledge sharing with internal teams and external stakeholders.
- Support the Transaction Banking Unit in achieving customer acquisition, usage and revenue targets.
- Act as a liaison between clients, operations and technology teams to ensure smooth digital onboarding and implementation.

The Person

- Minimum 8 years of banking experience, with at least 4 years of hands-on experience in Digital Banking and Payments.
- Be fully qualified with a suitable academic or a professional qualification in banking and finance
- Exposure to API testing and Web Services (WS) will be a strong advantage.
- Prior experience in Corporate Banking or Middle Market Banking is preferred.
- Strong project management skills with the ability to manage multiple stakeholders.
- Excellent communication, presentation, and interpersonal skills.

If you fulfill the above criteria, we invite you to email your cv along with a recent photograph to careers@seylan.lk within 7 days of this advertisement.

Only the shortlisted candidates will be contacted by Seylan HR.
