

ELEVATE YOUR **SPIRIT** **GROW YOUR** **CAREER**

Banking Assistant – Digital Banking

KEY RESPONSIBILITIES :

- Conduct end-to-end testing on digital banking platforms with minimal supervision to ensure functional accuracy
- Perform Regression and User Acceptance Testing (UAT) to validate system stability and optimize user experience
- Identify, document, and track system defects, collaborating with developers and vendors to drive resolutions
- Act as a bridge between teams to ensure issues are resolved within project sprint cycles
- Maintain logs of test cases and results, synthesizing complex data into summarized reports for stakeholders
- Serve as the primary Quality Assurance (QA) contact for specific projects to ensure milestones align with delivery goals

EXPERIENCE & QUALIFICATIONS :

- Minimum of 1 year of experience in Software Quality Assurance (QA) or a related IT field
- Diploma or a Degree in IT from a reputed University would be an added advantage
- Sound knowledge of Microsoft Office and WPS Office
- Basic understanding of software testing concepts and methodologies
- Familiar with Digital Banking platforms
- Excellent communication, reporting, and problem-solving skills

Interested candidates are invited to forward their CVs to career@cargillsbank.com mentioning the post applied for, in the subject line of the email on or before
