

Sampath Bank

WE PRESENT YOUR FUTURE

LEAD QUALITY ASSURANCE ENGINEER

REQUIREMENTS

- Minimum five (05) years of experience in Software Quality Assurance
- Bachelor's Degree in IT or an equivalent professional qualification from a recognized University or Institute
- Hands-on experience in Test Automation and Performance Testing
- Exposure to the Banking/ Finance industry will be considered an added advantage

KEY RESPONSIBILITIES:

- Define and enforce QA standards aligned with banking regulations, ISO frameworks and industry best practices
- Plan, lead, and execute testing cycles (functional, regression, integration, performance and automation) for core banking applications
- Safeguard sensitive financial and customer data during QA activities, ensuring compliance with security policies and regulatory requirements
- Mentor and manage QA teams, fostering a culture of quality, accountability and continuous improvement

- Drive process improvements and automation initiatives to enhance efficiency, reliability and audit readiness in QA practices

OTHER COMPETENCIES REQUIRED:

- Strong IT technical expertise
- Effective communication and people management skills
- Analytical thinking and sound decision-making abilities
- Negotiation and stakeholder management skills
- Ability to work under pressure and independently

An attractive remuneration package, coupled with a modern and conducive work environment, awaits the right candidate. Please apply online, stating qualifications and experience, on or before the 30th April 2026. Selection will be strictly on merit. Any form of canvassing will be a definite disqualification. Only shortlisted candidates will be contacted.
