WE PRESENT YOUR FUTURE

LEAD SECURITY ENGINEER

REQUIREMENTS

- Minimum two (02) years of experience in cybersecurity, with at least one (01) year in technical leadership or senior engineering role
- Bachelor's Degree in Information Security, Computer Science, Engineering or an equivalent from a recognized University
- Industry-recognized certifications such as CISSP, CISM, OSCP, CEH or equivalent
- Hands-on expertise in Security architecture design & review, risk management and incident response
- Proven expertise with security technologies such as SIEM, EDR/XDR, IDS/IPS, Firewalls, WAF, SOAR
- Experience in DevSecOps practices, secure SDLC and application security testing (SAST/DAST/SCA)
- Strong knowledge of cloud security (AWS, Azure, or GCP) including IAM, network security and workload protection
- Experience on Container and Kubernetes security

KEY RESPONSIBILITIES

- Lead the design and implementation of secure architecture for infrastructure, applications and cloud platforms
- Ensure compliance with ISO 27001, PCI-DSS and industry-specific regulatory framework
- Conduct vulnerability assessments, penetration testing and risk assessments to identify and mitigate security threats
- Oversee patch management and enforce secure system configurations
- Lead incident response efforts, including detection, analysis, containment and recovery
- Perform threat hunting and collaborate with SOC teams to enhance security monitoring
- Develop and oversee ethical hacking strategies and application security assessments
- Work closely with IT, DevOps and business units to integrate security best practices
- Provide detailed security reports and risk assessments to senior management

OTHER COMPETENCIES REQUIRED

- Proficiency in scripting (Python, PowerShell, Bash) for security automation
- Strong knowledge of zero-trust architecture and micro-segmentation
- Strong leadership and stakeholder management abilities
- Excellent analytical and problem-solving skills
- Ability to work under pressure and manage security incidents effectively

An attractive remuneration package, coupled with a modern and conducive work environment, awaits the right candidate. Please apply online, stating qualifications and experience, on or before the 03rd May 2026. Selection will be strictly on merit. Any form of canvassing will be a definite disqualification. Only shortlisted candidates will be contacted.
