# JOIN OUR IT TEAM

We are seeking enthusiastic and talented individuals to join our IT Department. Whether you are an experienced professional looking to build your career in cloud infrastructure and systems administration or a

motivated individual eager to gain hands-on experience in networking and IT support, we offer an excellent opportunity to learn, grow, and thrive in a dynamic technology-driven environment.

## IT Intern – Networking

### THE ROLE

- Assist in troubleshooting network connectivity and internet-related issues.
- Support the setup and maintenance of LAN and wireless networks.
- Assist in configuring switches, routers, and access points under supervision.
- Provide end-user IT and network support.
- Monitor network devices and report outages or performance issues.
- Maintain IT inventory records and update network documentation.
- Assist with the installation and configuration of network hardware and systems.
- Participate in preventive maintenance and infrastructure upgrade activities.
- Maintain logs of incidents and technical resolutions.
- Support the IT Helpdesk and Infrastructure teams as required.

### REQUIREMENTS

- Currently pursuing or recently completed a Diploma or Degree in Computer Science, Information Technology, Network Engineering, Cloud Computing, Cyber Security, or a related field.
- Basic understanding of networking concepts such as TCP/IP, DNS, DHCP, and subnetting.
- Familiarity with routers, switches, and wireless networking devices.
- Basic troubleshooting skills for network and hardware-related issues.
- Understanding of Windows and Linux operating systems.
- Good communication, interpersonal, and teamwork skills.

If you meet the above requirements and are eager to build your career in a challenging and rewarding environment, we would love to hear from you.
