NIHR Global Health Research Group on Violence Against Women and Children in Sri Lanka

The University of Jaffna invites applications from qualified candidates for the following position of NIHR Global Health Research Group on Violence Against Women and Children in collaboration with the University of Birmingham, funded by the National Institute for Health and Care Research (NIHR), UK.

- ➊ Project-Based PhD Fellow
- ➋ Temporary Research Fellow
- ➌ Temporary Research Fellow (Colombo Station)
- ➍ Temporary Coordinator for Finance & Logistics (Colombo Station)
- ➎ Temporary Coordinator for Finance
- ➏ Temporary Coordinator for Logistics

1. Project-Based PhD Fellow – Vacant: 01 post

Requirements:

- ➊ A Bachelor's (Honours) degree with Second Class (Lower Division) or above in any discipline from a UGC-recognized university or an accredited higher education institution (HEI).
- ➋ A Master's degree in a relevant field will be considered an added advantage.
- ➌ Proficiency in English and Tamil is mandatory; knowledge of Sinhala will be an added advantage.
- ➍ Prior experience working with local NGOs, community-based organizations, or institutions engaged in Gender-Based Violence (GBV) or related initiatives will be considered an advantage.

Conditions for this Post:

- ➊ The selected candidate must register for and pursue a PhD in the field of Violence Against Women and Girls (VAWG) or a closely related area, aligned with the NIHR-funded research programme.
- ➋ The PhD will be supported/funded through the project funding arrangements, in accordance with the provisions of the funder and relevant University regulations.
- ➌ Continuation in the fellowship and financial support will be subject to satisfactory academic progress in the doctoral programme and compliance with project requirements.

Duties and Responsibilities:

- ➊ Undertake doctoral (PhD) research on Violence Against Women and Girls (VAWG) as an integral component of the fellowship, ensuring alignment between academic research outputs and the NIHR project objectives.
- ➋ Develop, refine, and update research protocols and standard operating procedures (SOPs) related to VAWG research activities.
- ➌ Design and conduct qualitative and quantitative research studies on violence against women and children, including data collection through interviews, focus group discussions, surveys, and other appropriate methods.
- ➍ Support the development of data collection tools and digital systems consistent with the project's methodological framework.
- ➎ Conduct data cleaning, management, and documentation, ensuring accuracy, ethical compliance, and data protection standards.
- ➏ Analyze quantitative data using appropriate statistical methods and qualitative data using thematic or framework analysis approaches.
- ➐ Identify gaps, barriers, and facilitators influencing implementation of project activities across selected sites and propose evidence-based solutions.
- ➑ Coordinate field research activities, including scheduling site visits, liaising with community groups, survivors, service providers, and partner institutions.
- ➒ Prepare progress reports, data summaries, charts, tables, and visual materials for internal monitoring and external reporting.
- ➓ Contribute to ethics submissions, grant-related documentation, and reporting requirements as required by the project and funder.
- ➔ Collaborate with healthcare providers, survivors, project partners, technology developers, and policymakers to ensure research relevance and impact.
- ➕ Facilitate stakeholder engagement meetings, workshops, and dissemination events to gather insights and share research findings.
- ➖ Draft manuscripts, technical reports, policy briefs, and contribute to peer-reviewed academic publications.
- ➗ Present research findings at local, national, and international scientific meetings and conferences, as appropriate.
- ➘ Monitor progress of assigned activities and ensure adherence to agreed timelines, targets, and deliverables.
- ➙ Provide regular updates to the Project Leadership Team, Country Lead, Research Supervisors and funding bodies.
- ➚ Perform any other duties assigned by the Country Lead, Investigators and Research Supervisors to support the successful implementation of the VAWG research project.

Remuneration:

- ➊ A monthly stipend of LKR 90,000 will be paid.

2. Temporary Research Fellow – Vacant: 01 post

Requirements:

- ➊ A Bachelor's degree with a Second Class (Lower Division) or above in any discipline from a UGC-recognized university or an accredited higher education institution (HEI).
- ➋ A Master's degree in a relevant field will be considered an added advantage.
- ➌ Prior experience working with local NGOs, community-based organizations, or institutions engaged in Gender-Based Violence (GBV) or related initiatives will be considered an advantage.

Duties and responsibilities:

- ➊ Develop, refine, and update research protocols and standard operating procedures (SOPs) related to the VAWG research activities.
- ➋ Design and conduct qualitative and quantitative studies focusing on violence against women and children, including data collection, interviews, focus group discussions, and surveys.
- ➌ Support the development of data collection tools and digital systems aligned with the project's methodological framework.
- ➍ Conduct data cleaning, management, and documentation, ensuring accuracy and compliance with data protection requirements.
- ➎ Analyze quantitative data using appropriate statistical methods and qualitative data using thematic or framework analysis.
- ➏ Identify gaps, barriers, and facilitators in implementing the project across selected sites and propose evidence-based solutions.
- ➐ Coordinate field activities, including scheduling data collection visits, liaising with community groups, and supporting partner institutions.
- ➑ Prepare detailed progress reports, data summaries, charts, tables, and visual aids for internal and external reporting.
- ➒ Contribute to grant writing, ethics submissions, and preparation of project documentation.
- ➓ Collaborate with healthcare providers, survivors, project partners, technology developers, and policymakers to ensure the research remains contextually relevant and actionable.
- ➔ Facilitate stakeholder engagement meetings, workshops, and dissemination events to gather insights and share project findings.
- ➕ Draft manuscripts, technical reports, and policy briefs, and contribute to academic publications.
- ➗ Present research findings at local, national, and international scientific meetings and conferences.
- ➘ Monitor project progress and ensure adherence to timelines, targets, and reporting requirements.
- ➙ Provide regular updates to the project leadership team and funding bodies.
- ➚ Perform any other duties assigned by the Country Lead, Investigators of the Project to support the successful implementation of the VAWG research project.

Remuneration:

- ➊ A monthly salary of LKR 80,000 will be paid.
