BE PART OF OUR

GROWTH STORY

ANALYST – CYBER SECURITY INFORMATION SYSTEMS SECURITY

You should ideally:

- possess a Bachelor's Degree in Information Security, Cyber Security, or a related discipline
- have a minimum of 2 years of experience in Cyber Security or Information Security
- possess hands-on experience in VAPT, SOC operations, and cybersecurity tools management
- have knowledge of PCI DSS, ISO/IEC 27001, and CBSL security requirements
- possess relevant certifications such as CEH, eJPT, Security+, CySA+, PenTest+, or equivalent
- be capable of effectively applying cybersecurity principles, standards, and best practices to safeguard organizational information assets

You will be mainly responsible for:

- conducting Vulnerability Assessments, Penetration Testing, PCI DSS scans, internal and external security assessments, and compliance reviews
- monitoring the SOC, analyzing and investigating security alerts, identifying potential threats, and supporting timely incident response and resolution
- performing application security testing and security assessments for new systems, applications, and technology changes
- conducting and coordinating periodic user and privileged access reviews, ensuring identified issues are promptly followed up and resolved
- supporting Information Systems Security (ISS) projects by coordinating stakeholders, tracking deliverables, and monitoring project timelines
- identifying and assessing information security risks, recommending appropriate controls, and supporting risk mitigation activities
- tracking and following up on VAPT findings, audit observations, and compliance gaps until remediation
- managing and optimizing cybersecurity tools, including security monitoring, detection, and protection solutions
- supporting Proof of Concepts (PoCs), security tool evaluations, and technical assessments for new cybersecurity solutions
- conducting cybersecurity research and development (R&D) on emerging threats, vulnerabilities, attack techniques, and security technologies, and evaluating their applicability to the Bank's security environment
- preparing security, compliance, and management reports and maintaining relevant security documentation

We are an equal opportunity employer, committed to promoting an inclusive and diverse environment. Recruitment to the Bank is based solely on merit and competency irrespective of other characteristics that make our employees unique. Any form of canvassing is discouraged. Correspondence will only be with the short-listed candidates.

Please apply via e-mail by sending an updated CV or a DFCC Bank application form which could be downloaded from our website to recruit@dfccbank.com with the position applied for mentioned in the subject line, within 7 days of this advertisement.
