- i) A four-year bachelor's degree in a relevant discipline with 1st or 2nd class honours or
- ii) A three-year bachelor's degree with 1st or 2nd class honours or a pass in a four-year bachelor's degree and a master's degree at SLQF Level 9 or above in relevant disciplines

and an earned doctoral degree in a relevant field.

Applicants should have at least six years of demonstrated competence in research, teaching and/or industry practice after completing the bachelor's degree and a strong publication record in reputed research journals.

Department of Computer Science Lecturer (Research-Track)

Applicants must possess:

- i) A four-year bachelor's degree in a relevant discipline with 1st or 2nd class honours or
- ii) A three-year bachelor's degree with 1st or 2nd class honours or a pass in a four-year bachelor's degree and a master's degree at SLQF Level 9 or above in relevant disciplines

Applicants should have at least two years of experience in teaching at the undergraduate level or satisfactory industry experience and evidence of research contributions.

Department of Software Engineering Assistant Lecturer (Temporary)

Applicants must possess:

- i) A four-year bachelor's degree in a relevant discipline with 1st or 2nd class honours or
- ii) A three-year bachelor's degree with 1st or 2nd class honours and a master's degree at SLQF Level 9 or above in relevant disciplines.

Applicants should have at least one year of experience in teaching at the undergraduate level or satisfactory industrial experience and evidence of research contributions.

FACULTY OF ENGINEERING AND ARCHITECTURE

Department of Electrical and Electronic Engineering Assistant Professor

Applicants must hold a four-year Bachelor's degree in Electrical/ Electronic Engineering with 1st or 2nd class honours and an earned doctoral degree in a closely related field.

Applicants should have at least six years of demonstrated competence in research, teaching and/or industry practice after completing the bachelor's degree and a strong publication record in reputed research journals. Candidates are expected to be members of IESL or eligible for membership.

The appointees will contribute to research and teaching in the broad areas of Electrical and Electronic Engineering and engage in administrative duties and professional service. We are particularly seeking applicants with a strong track record in electrical power engineering, while candidates with expertise in other relevant areas are also encouraged to apply.

FACULTY OF HUMANITIES AND SCIENCES

Department of Linguistics Senior Lecturer (On Contract)

Applicants must hold a 1st or 2nd class honours four-year bachelor's degree in English or a related field and a master's degree at SLQF Level 10 or above.

Applicants should have at least six years of demonstrated competence in research and teaching, after completing a bachelor's degree, with a good publication record.

Lecturer (Teaching-Track)

Applicants must possess:

- i) A four-year bachelor's degree in English or a related discipline with 1st or 2nd class honours or
- ii) A three-year bachelor's degree with 1st or 2nd class honours or a pass in a four-year bachelor's degree in English or a related discipline and a master's degree at SLQF Level 9 or above

Applicants should have at least two years of undergraduate teaching experience and a good research record.

To apply, please send a detailed CV along with a cover letter and the contact details of 2 referees to academiccareers@slit.lk clearly indicating the post applied for in the title. The deadline for applications is 7th September 2026. SLIIT offers a competitive salary and a benefits package commensurate with qualifications and experience.
